Let Every Woman Know

Mission

Gynecologic cancers claim the lives of thousands of women each year but many are not aware of the signs and symptoms of these cancers. Let Every Woman Know – Alaska is dedicated to raising awareness, sharing information and saving lives through local education of all Alaskans and support for those women living with gynecologic cancers.

Purpose

Let Every Woman Know – Alaska was formed to promote awareness and education about gynecologic cancers in Alaska. Proceeds from Let Every Woman Know – Alaska events will be used to fund programs and projects specifically for Alaskan women.

Organization

Let Every Woman Know is a non-profit run by volunteers, one part time staff member and a small board of directors, many of whom have been touched by gynecologic cancers. Survivors, family members and friends; physicians and medical professionals; cancer support professionals and compassionate community members are all part of the Let Every Woman Know – Alaska team..

The Retreat Setting

Girdwood is considered to be one of the most scenic areas of Alaska and offers abundant and versatile outdoor adventure opportunities. The Carriage House is located in the pristine, historic Girdwood Valley and offers a quiet atmosphere surrounded by the Chugach National Forest.

The Adventure

Spencer Iceberg and Placer River Float is one of the most scenic glacier trips in Alaska. Get up close and personal to the icebergs. Rubber boots, rain ponchos and life vests are provided. Please bring warm clothes, extra socks, a hat and gloves. There are restrooms on the train and at the Spencer Whistle Stop. There are NOT restrooms once we are on the river. Backcountry options only. The first stop out of Girdwood will be at Alaska Wildlife Conservation Center with lunch provided. Then you will take the train from Portage into Spencer Whistle Stop.

Once on the river, the experienced and professional guides will row you right up to the picturesque icebergs on Spencer Lake. The panoramic view of the Spencer Glacier and surrounding mountains are beautiful.
